VOLUME XLVII — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, DECEMBER 4, 1914 — NUMBER 7

MRS. C. A. GREENE DIES AT 90 YEARS

Funeral Here this Morning at 10

Mrs. C. A. Greene passed away at the home of her daughter, Mrs. J. N. Rea, in Mendocino on Tuesday evening, Dec. 1, 1914 at the age of 90 years and 8 months. Death came after an illness of several weeks duration, during which she lay in a state of semi-consciousness, quietly falling asleep at the last.

Mrs. Greene was a woman of rare charm and tact, a pioneer woman whose name is graven in the history of the nation and state. A Kentuckian by birth, she suffered greatly during the civil war, seeing her husband shot down and her home ramsacked by the Bushwhackers while she lay with a weeks' old babe in her arms. Her name is identified with the early history of Mendocino, she having resided both here and in Covelo for years. She also lived for a time in Petaluma and has scores of friends there who will mourn her departure. The funeral service will be held at the home of her grandson Dr. F. E. Rea, at 10 o'clock this Friday morning. Mrs. Greene leaves to mourn her loss three daughters, Mrs. J. N. Rea, of Mendocino, Mrs. Eugene Williams, of Petaluma, and Mrs. Frances E. Henley, of Manilla, one son, George Eddy, of Petaluma, five grandchildren, Mrs. Percy Handy, Dr. S. L. Rea and Dr. F. E. Rea all of this city, Ernest Williams, of Petaluma, and George Henley, of Manilla, and 6 greatgrandchildren, Misses Dorothy and Marian Handy, Newell and Frances Rea and Stanley and Joseph Rea. Postmaster-elect William Hagans is her grandnephew she being a sister of Col. Wm. Hagans who was one of the earliest settlers of Ukiah valley.

Services were held in Mendocino Wednesday and the funeral cortege reached this city Thursday afternoon.

HIGH SCHOOL PLAY BRINGS OUT TALENT

Good Acting by Young Thespians

Much credit is due the young players of the Ukiah high school, who put on the annual senior play Thanksgiving evening at the Victory theatre, to Miss Pearl Watkins, who coached the cast, and to Clifford Davidson who managed the affair from a business standpoint. The play was "What Happened to Jones" and the various roles furnished excellent vehicles for displaying the talent of the individuals filling them. The cast was as follows:

Ebenezer Goodly, Malbone Graham; Mrs. Goodly, Zola Mankins; Marjorie, Joy Beck; Richard Heatherly, Clifford Davidson; Helma, Ida Hanson; Cissy, Eleanor Thomas; Minerva, Lois Allingham; Alvina Starlight, Vivian Wilson; Jones, Bert Thornton; Thomas Holder, Homer Likely; Antony Goodly D. D., Leslie Allenby; William Bigbee, Roy Linser; Henry Fuller, Ernest Elwood.

The cast had their lines letter-perfect, which fact contributed in no small degree to the smoothness of the piece.

A good house was in attendance and a considerable sum was cleared for which the students thank the people of Ukiah.

Friday evening the play was taken to Potter valley, a small sum over expenses being cleared.

COMINGS AND GOINGS AT STATE HOSPITAL

Talmage People in Week's News

Cold weather prevails in this vicinity and most every one is complaining of the elements. Strange, is it not, how humanity finds even time to pick Nature to pieces?

With the resignation of F. C. Handy from the stewardship of the Mendocino State Hospital, Talmage loses a valuable citizen. Mr. Handy has always been friendly with the public, loyal to his employer and kind and generous to his many friends. During his stay here he has accomplished a great deal of work, that will live and bear fruit after he has gone. Mrs. Handy, who likewise, has done much for the public, and who has brought much happiness to the inmates and the employes of the asylum, will be missed greatly in the months to come.

John Ginochio writes from Coalingo that he is having a very pleasant visit. He expects to be gone for another two weeks.

Newton V. McGimsey, of Boonville, visited with his brother in Talmage Sunday.

It is reported that the case of scarlet fever at the home of Mr. Stanford gives no cause for alarm, and that the quarantine will be raised within a few days.

Mr. Cockrell, of the Mendocino Savings Bank, spent a few hours in Talmage Tuesday making acquaintances and also making up a few deposits for a savings account with that institution. He reports a good business.

Prof. L. W. Babcock paid Talmage a visit on Tuesday on State business.

NEWSY GOSSIP FROM POINT ARENA SECTION

Doings of South Coast People

Point Arena, Nov. 30—The farmers are smiling and give a welcome to this gentle downpour. A part of four days it has rained quite steadily.

Every one who likes salmon has had their fill lately. The mouth of the Garcia river is swarming with these delicious fish. Large parties go out trolling in the day time and spearing them at night by torch light, and they have caught them in such quantities that they had plenty and treated all their neighbors.

The Native Sons gave a Thanksgiving ball which was well attended, people coming from Mendocino and Greenwood, quite ignoring bad weather. All enjoyed a merry time.

One of our much loved young ladies, Miss Agnes Caughey, is quite ill at her home near Bridgeport.

Mr. H. E. Frost is able to be up part of the day, though still quite crippled and bruised.

Our esteemed citizen of Brush Creek, Mr. Will Lawson, a well known tie man, was thrown from his horse last Thursday and rendered unconscious for some hours. However, Dr. Pitts found no broken bones. He is able to be around again, we are pleased to say.

D. Wilson, of Manchester, after coming in from hunting the other day, set his gun down in the house. His neice, Ruth, picked up the gun to examine it, and it promptly went off. The child went into hysterics, and all was confusion for a time. No one could tell what injury was done, but at last it was found that the pet of the household was shot and dying, fortunately it was only tabby, the cat. Moral—take the load out of fire arms before bringing them into the house.

Miss Flora Hunter, of Manchester, the dear little home body, who seldom leaves her sick mother to take a vacation, has actually gone to San Francisco on a visit. We all wish for her that every day may be one of pleasure.

I'll tell you a true cute story that I heard a lady telling the other day:

Mr. Henry Halliday keeps a milch cow for the pleasure and health of his family, and one day he said to his little children, "Now next week we will have a nice tiny calf for you to play with, and it shall have a bell hanging on its neck." A few days later the calf arrived and some one questioning his daughter Clara (aged seven) about it was quite astonished at her reply. Tossing her head impatiently she said, "Yes, we have a calf but the bell didn't hatch."

The steamer Sea Foam could not land here Saturday going down, on account of the rough ocean, and many waiting passengers were disappointed.

Since commencing this, a terrible storm has come and winter has really set in with a vim.

ENTRE NOUS BALL A RECHERCHE AFFAIR

Many S. F. People in Attendance

Willits, Dec. 2—One of the most pretentious and enjoyable affairs of the early season was the grand ball given by the Entre Nous club at Hotel Willits last Saturday night. The ball room and banquet rooms were decorated with lavish extravagance in pine branches and festoons of green and red. Music was furnished by Frank's orchestra, of San Francisco and the ball was largely attended by specially invited guests from the Bay Cities. The ball was opened by the grand march, "San Francisco in 1915," and was led by P. R. Green and Miss Ruth C. Parryman. The dancing continued until the early hours. The affair was such a complete success that the officers agreed to accede to the insistent demands of the out of town guests and members and another will be given in the near future.

J. K. Allen and wife, of Hopland, were Ukiah visitors last Sunday.

THANKSGIVING PROGRAM BY SATURDAY CLUB

Beautiful and Impressive Program

Saturday Afternoon Club members enjoyed a memorable programme on Saturday of last week at the home of Mrs. E. B. Gibson, the day being devoted to a program of a religious nature. Coming as it did during the sacred week of Thanksgiving it was particularly appropriate. "Women of the Bible" was the subject and each character of the subject was shown in living pictures. The beautiful home of Mrs. Gibson made a charming setting for the pictures, the soft lights, rich oriental costumes and the beauty of the women who posed making pictures that will live long in the memory of every club woman present. As each picture was shown a reading or a musical number accompanied the showing making it unusually impressive. Between pictures Mrs. P. W. Handy played sacred music from the balcony overlooking the living room.

The following is the program as arranged by Mrs. Maxwell and Mrs. F. E. Rea:

Sarah, Mrs. Toles, Reading from the Bible; Hagar, Miss Pettis, Vocal solo "O For the wings of a Dove;" Rebekah, Miss Watkins, Reading from the Bible; Rachel, Miss Watkins, Solo "The Cry of Rachel; Pharaoh's Daughter with her maid, Mrs. J. Gibson, Aria from the cantata of Esther, Mrs. Maxwell; Mary and Elizabeth, Mrs. Allen and Mrs. Toles, Reading; The Madonna, Mrs. Allen, Solo "Silent Night," Mrs. Maxwell.

Following the program, the committee in charge, Mrs. Maxwell and Mrs. Rea, were showered with compliments and congratulations for their clever handling of the subject. Thirty-five members responded at roll call with quotations from the Bible and Mrs. J. A. Jamison and Miss Goodrich, who were the afternoon's hostesses, served toothsome refreshments consisting of chicken salad, wafers and hot coffee with whipped cream.

The club will not meet again until after the holidays.

MENDELSSOHN CLUB WILL GIVE NICKEL DANCE SAT.

Proceeds to Aid of Hop Festival

The Mendelssohn Club will give its opening dance next Saturday evening, December 5, at Cleland's hall. Everybody is invited and good orchestra music will be furnished by Keller's orchestra. A nickle admission will be charged and all dances will be a nickle each, giving everyone a chance to spend as little or as much as he pleases. This club is the only musical club in Ukiah that gives its proceeds to charity or some needy purpose. Last week at the Belgium Tea they were proud to donate $5 to those people which seems a small sum, but shows their ambition to help when called upon. They have now engaged in work to defray the shortage of the Hop Festival committee. The proceeds of this dance will be added to the proceeds of the "Polished Pebbles" which will be given in January as a benefit to this association. The mothers of the club will act as hostesses of the evening and this dance will be very carefully chaperoned as are all of their club dances. A lot of fun is promised in a beautifully decorated hall, floor as slick as glass and music, just as good as Keller's orchestra can make. Don't miss this treat. Everybody welcome.

Much credit must be given to those in the play, all of them are doing splendid. Great interest has been taken by all. Some of the members have to travel three miles and over of evenings going to practice. This kind of a play is quite an undertaking in a country district where many have a considerable distance to travel to and from practice. The cast of the play is composed of the people of the valley, the logging camp and the school ma'ams. Mrs. McFarland deserves much credit, being the manager of the play. George Brooks as Pete, deserves praise. He cannot be beat in his part, the part of a negro boy.

The members of the play gave the Sylvandale members and Sylvandale a suprise last week. Sherwood has been dead for some time, but one evening last week about seven o'clock a big noise broke out and rambled down the valley to Sylvandale to give Mrs. Wierick and daughter a suprise and also give Sylvandale the liviliest time it ever had. After arriving we were given a royal reception. Music, singing and a jolly good time and then the practice.

FARM BUREAU MEETING AT SAWYER SCHOOLHOUSE

E. Himmelwright Makes Address

Willits, Dec. 2—A meeting of the Little Lake Farm Bureau Center was held last Saturday night at Sawyer school house. Owing to the heavy rain and the illness of the president, Mrs. Little, the meeting was not well attended. However lack of numbers was more than made up in enthusiasm and those present were entertained by Mr. Ed Himmelwright, of this city, who has recently completed a short course at the state college at Davis. Mr. Himmelwright spoke to his audience of the benefit to be obtained by the individual farmer by taking the course. His strong point was that a course prepared the farmer to better understand the bulletins and other valuable literature sent out bratis by the federal and state agricultural departments and also put him in close touch with the experimental work of the college.

The need of a farm adviser for Mendocino county was also strongly urged by the speaker and his remarks on this subject were received with hearty applause. Refreshments were served after the lecture and the next meeting which will determine future organization will be held at the same place on the evening of December 12th.

GUALALA PEOPLE IN WEEK'S NEWS

Notes From S.W. Corner of County

Gualala, Nov. 29—Every one was thankful last Thursday evcept the turkeys.

Work commenced on the new road at the Johnson place this week. The old bridge at Signal Port is being torn down to build the Johnson bridge.

Emery Johnson had a narrow escape while working on the bridge. He went out to saw off a brace on one of the bents, and the ropes by which the bent was lowered were left slack so that the bent went down with a jerk, throwing him off. He fell and rolled about twenty feet, but escaped with a few bruises and an injured wrist.

A. Mastachetti, who killed C. Pizola in a fight here, was dismissed for lack of evidence at Point Arena. Sheriff Byrnes was over and looked into the matter.

This rain came just at the right time for crops and the grass, as the ground was beginning to get pretty dry. 2.93 inches of water fell, J. F. McNamee reports, up to Tuesday A. M.

Mr. Westlake, adjusting agent for Edward Brown & Sons, insurance agents, passed through here last week.

THE STORK BUSY IN WILLITS TOWN

Willits, Dec. 2—On Monday night the stork, assisted by Dr. Gunn, brought to Mr. and Mrs. F. F. Brewer a ten pound baby boy. Mr. and Mrs. Brewer have been at the home of Mrs. Kings for the past three weeks from their home in Arnold. Everyone interested is doing nicely.

A fine little baby girl weighing nine and a half pounds appeared at the home of Mr. and Mrs. Chris Hansen on Tuesday morning. Dr. Woelffel assisted the stork and all are well.

Family washing done very reasonable. Clothes called for and delivered.

J. G. Newman and J. D. Royce, of Potter Valley, were Ukiah visitors the latter part of last week.

RECOMMENDS CAMPAIGN TO SWAT THE FLY

In Line With "City Beautiful',

The women of the Saturday Afternoon Club have a civic consciousness and a civic conscience. To them their city is home and it is natural then that they should become interested in making their home city as attractive as possible. As householders they are daily reminded of the need of health protection against unsanitary conditions. The occasional remarks of some chance visitor in the community reminds them that they need clean streets, good parks, good schools and well equipped play grounds, and they are willing to work to get them. There are hundreds of women outside the clubs who realize all these things too, and there should be concerted action on the part of all. There is no doubt that the house fly is a great menace and yet little is being done to rid the community of this menace. It would seem as if the fly swatting crusade had quite encircled the globe. In a recent swatting contest in Johannesburg the winner of the highest prize, ten pounds, bagged over eight million flies. The total number killed by the hunters was nearly 62 millions. The following essay which appeared in an English paper, may stimulate our swatting zeal:

The early fly's the one to swat,
It comes before the weather's hot,
And sits around and files its legs,
And lays at least 10,000,000 eggs,
And every egg will bring a fly
To drive us crazy bye and bye.
Oh every fly that skips our swatters
Will have 5,000,000 sons and daughters
And countless first and second cousins
And aunts and uncles, scores of dozens
And 57,000,000,000,000 nieces,
So knock the blamed thing all to pieces.

HIGH SCHOOL

By Ross Ryder, '17

The Senior Thanksgiving play was a great success, both financially and as a play. The financial part of the play was managed by Clifford Davidson, and by his careful management the play netted the high school something over one hundred and eighty dollars. Through Miss Watkins able training the play went off without a hitch, and surely presented the promised number of laughs. The caste took the play to Potter on the evening of the 27th, and they say that in spite of the rain that there was a fairly good crowd in attendance. The Victory theatre was crowded, there being something over five hundred and seventy-five in attendance, which is said to be the largest crowd since the opening night of the Victory nearly a year ago. This speaks well for the reputation of the plays of the school.

Mr. Conway made the trip to Potter, and says that in spite of the bad roads and worse weather, he had a good time.

The first of the Interschoiastic debates will be held between Ukiah and Lakeport highs this evening at the Victory theatre. The question for the debate is, resolved that unpair convict labor should be abolished from the United States. The affirmative will be held up by Gordon Martin and Helen Rocca of Lakeport, and Malbone Graham and Ernest Ellwood will hold up the negative for Ukiah. The Victory management will show moving pictures before and after the show. The debate will begin at eight o'clock.

The Senior class is now able to announce that they have as near an invincible basket ball team as they can get. This sounds rather discouraging to the Juniors who are hoping to get the school championship.

The Freshmen boys are arranging for a basket ball game with the grammar school boys. Roy Linser is getting the grammar school team into shape.

There will be no basket ball game tomorrow evening as announced the first of the week on account of the dance given at Cleland's Hall that evening.

The second Lyceum program will come off this afternoon at 2 o'clock, piano selection, readings, and recitations will make up the program. There will also be a debate upon the Canadian Reciprocity.

Will Harrington quit school sometime last week. This will be quite a loss to the Freshmen basket ball team.

Milliard Lawson is up on his vacation from the University, and while here is visiting the high school.

Lilburn Gibson is down from his ranch in the northern part of the county. He is going to study law in the office of the District Attorney.

Miss Vera LaPorte visited the high school Monday morning while on her vacation from the Santa Rosa Business College.

Report cards will be out next Friday.

Mr. Jussel received some Lippia grass the other day for a lawn that will stay green all winter. This will surely be a great improvement to the looks of the grounds for it will do away with the amount of weeds now on the school grounds.

John Guntley, a prominent rancher of the Christine section, was in Ukiah this week, accompanied by his family.

WHAT OF THE HOME-LESS AT HOME

A few weeks ago a certain daily newspaper in one of the great cities started a movement for sending a ship load of Christmas presents to the orphans of Europe.

The idea "took"—because it was new and novel, and it afforded opportunity for cheap notoriety. The fact that a ship load of food would have given greater and more pressing relief did not matter. There was no glory in sending food to the starving.

Now another great daily paper comes forward with a scheme for having American homes adopt the orphans of Europe.

That, like the Christmas ship, is more or less commendable; and it, too, affords an excellent means of advertising—advertising the newspaper and "some people."

It is well to relieve distress in Europe. It is well to provide homes for the orphans. Both may bring forth letters of thanks from kings and queens and lesser dignitaries. All of which, to be sure, would make excellent reading in print.

BUT WHAT OF HOME?

What of the hundreds of thousands of children in OUR OWN COUNTRY to whom Christmas will be but an empty name—a mockery?

What of the little babes in OUR OWN COUNTRY who are pining and dying for want of proper nourishment?

What of the mothers whose breasts are empty because the table is bare?

What of the fathers who are walking the streets because there is no employment for them?

What of the young girls in the great cities who are dragged down to the depths because their positions are gone, their board bills are overdue, and they have nowhere to turn—no great paper to head a campaign in their behalf?

Europe has our sympathy—it should have what assistance we may reasonably extend.

BUT CHARITY SHOULD BEGIN AT HOME—and the Lord knows there is abundant call for it in the United States today.

But then there is no glory in that—no advertising for the newspapers—no notoriety for the givers.

It is just charity—and plain charity is not popular.

EUREKA TRAIN RUNNING

The Northwestern Pacific has started its Eureka train, the first train going through last Tuesday. There were 90 passengers on board for points north of Dos Rios and four passengers boarded the train here for the trip through to Eureka. The company is having great difficulty maintaining its schedule, however, on account of numerous slides along the route, and the southbound train has been from one to three hours late every day. There were upwards of 570 passengers on the first through train from Eureka to the city, which also started last Tuesday.

NO FAT BREEDS FOR BACON HOGS

Rangy Stock is Preferable

To produce bacon or first quality requires a hog of certain conformation and weight. A hog may have the long sides necessary for bacon yet, if too fat, it lessens the value and, if too thin, the same is also true. While we get many sides of bacon from the lard or fat types such as Poland Chinas, Berkshires, Chester Whites and Duroc-Jerseys, nevertheless they do not compare in quality to those obtained from the strictly bacon types such as Tamworth, Large Yorkshire and Hampshire.

The bacon type of hog is longer in the leg and body than the lard type. It also is lighter in the jowl, neck and shoulder and has less thichness through the body. The coat of hair should be fine and smooth as it denotes thriftiness anc quality of flesh. Though the bacon hog has heavier bone than the lard, nevertheless the legs should present a clean-cut appearance. The neck should be of medium length and not arched on top like on the lard hog, as this means that the side of bacon will be too thick or heavy at this end. Broad hams are not desirable in the bacon hog as they have too much fat on them.

The bacon hog requires plenty of exercise and no feeds that lay on fat like corn. Experiments have been carried on where ideal bacon hogs were fed corn for two or three generations and they lost their length of side and became thick through the body like the lard type. In fact, under most careful feeding there is always a tendency for bacon hogs to increase the proportion of fat at the expense of the lean. The best feed for the bacon hog is skimmed milk, alfalfa, bran, middlings and barley. Corn should never be used for bacon for two reasons: First, it puts on fat so that the proportion of lean to fat is too small to make good bacon; second, the fat that corn puts on a hog is soft and bacon consumers want a hard, firm fat. People who have been accustomed to see corn-fed hams will wonder how it makes the bacon hog soft and the fat hog hard. The reason is this: the bacon hog is sent on the market very light, a full grown hog weighing around 180 pounds. The animal is killed before the corn has a chance to harden the flesh. If the animal was allowed to eat until this happened it would be too fat for bacon purposes.

GIVING A HOG MEDICINE

Whenever possible all medicines should be administered in the feed, but sometimes when they are so bitter or distasteful this is impossible. The only other way is to pour the medicine down the throat or drench. As many hogs are killed by drenching, it must be done slowly and carefully, otherwise the drench will be drawn into the lungs, especially if the animal is struggling.

FORT BRAGG HIGH SCHOOL NEWS NOTES

Fort Bragg, Nov. 28—The high school students belonging to the Potato Club met Thursday evening in the study hall to see what steps would be taken toward this movement next year. It is time for the ground to be cultivated and each is anxious to begin. The students that began this agriculture study numbers sixteen, while last year there were eight. One can see that there is live interest.

The Thanksgiving play was a great success. The Red Men's hall was crowded. The students are greatly improving upon their plays and the future ones are looked forward to. The students who were introduced as main characters were Arnold Wintzer, Ray Ware, Guy Steele, Jennie Dahl, Loria Wilson, Tessie Dumbill, Harold Bolden, Melvin McKerricher and Lyle Hartman.

Thursday and Friday were given as holidays here and Monday we will see faces eager for hard study.

Many of our boys and girls have joined the Camp Fire Girls and boys Scouts. Friday evening was the boys first march and they are to be congratulated upon their work. These two organizations will do much toward making better and healthier men and women.

L. W. Babcock, superintendent of schools, made us a visit last week. He will go up the coast visiting the smaller schools as usual.

UKIAH, CALIFORNIA, FRIDAY, DEC. 4, 1914

The Chronicle minimizes the effect of the European war upon trade and declares that we could endure the losses of the war with ease if it were not for the Wilson policies. The inference is, that the tariff law, war or no war, will not produce enough revenue to defray the expenses of the government and that a deficit is inevitable. That is not true. The revenue derived from the Underwood tariff in the fiscal year 1914 exceeded that produced by the Payne-Aldrich law in the preceding year. Here is the statement of Assistant Secretary of the Treasury Peters: "It is not true that the revenue collected under the Underwood bill was less than that collected under the Payne law. While it is true that the amount collected from customs duties was less than under the Payne law by $28,762,878, yet including the income tax collected under section 2 of the Underwood bill the collections for the fiscal year 1914 amounted to $323,473,066, or $4,581,670 in excess of the amount collected for the fiscal year 1913 under the Payne law."

As section 2 of the act of 1913 is as much a part of that act as any other section, and as was the expressed intention of congress to collect less from customs taxes than heretofore and to make up the deficit from the income tax, any statement that the Underwood law was not a success as a producer of revenue is absolutely silly.

The total receipts from internal revenue and customs for the fiscal year 1913 under the Payne law were $633,315,878. For the fiscal year 1914 under the Underwood law they were $672,137,431.

The total receipts of the government exclusive of postal revenue, for the fiscal year 1913, were 724,111,229. For the fiscal year 1914 they were $734,343,700, a balance in favor of the new legislation of $10,232,471.—Yolo Democrat.

SMITH WOMAN FOUND DEAD SATURDAY

Sheriff Byrnes has received information to the effect that Mrs. J. W. Smith was found dead at the Garberville gate on the Overland stage road to Eureka last Saturday. She is believed to have perished from exposure and want the previous night. It will be remembered that the Smith woman and her husband were arrested several weeks ago charged with having robbed the Bean barber shop at Willits. Smith pleaded guilty to the charge and was put on probation, the woman being dismissed. They subsequently went away together. Smith's whereabouts are unknown and the officers are looking for him with a view toward ascertaining some of the facts regarding his wif's death should he know anything about it. No suspicion of foul play is entertained, however, the woman's death being thought to be due to natural causes.

She was expecting to become a mother in the course of a few months, which makes the affair doubly sad.

CHRISTIAN CHURCH

The interest in the revival meetings at the Christian church still continues. The audiences still keep up regardless of rain and mud. There are additions at almost every service. About 30 have united with the church so far, and still others are very much interested. The preaching still continues of a high order. If you have not heard Rev. Hilton, you are missing a treat. He is a preacher of ability. You can not afford to miss these services. The meetings will continue over next Sunday and possibly all next week.

NEW BASES FOR COMPUTING AUTO TAX

Displacement System to be Used

Owners of many different kinds of automobiles will have to pay a larger tax for 1915 than they did this year says the Sacramento Bee. This is due to the substitution by the Motor Vehicle Department of the displacement method of computing horsepower instead of that used by the American License Automobile Manufacturers' Association.

It will affect all Studebaker owners especially. Under the American License Automobile Manufacturers the Studebaker rating makes it pay a $5 tax; under the displacement system it will have to pay $10.

Other Cars Affected

Other cars that will be affected in a change of horsepower will be the Oldsmobile, Hupmobile, Buick, Oakland, Maxwell, Chalmers, Reo, and many others. Though their ratings will be changed, the difference may not be large enough to put them into a higher tared division. The present system, it is claimed, is unfair in that different cars with the same horsepower pay different rates.

W. R. Ormsby, Superintendent of the Motor Vehicle Department, says the use of a displacement system will mean added revenue to the State of approximately $150,000.

The displacement system is based on the length of the stroke, the diameter of the cylinders and their number.

STATE BLUE BOOK READY IN JANUARY

Valuable Political History

Secretary of State Frank C. Jordan has commenced the compilation of the 1913-1915 blue book, the first since 1911. The delay in issuing a new directory of state business has been caused by the reorganization of the government. It is only recently that complete reports have been available under the new order of things. The compilation of the blue book is one of the difficult labors of the secretary of state, in that it requires a complete report of all departments of state, a history of the policy and political attainments of the commonwealth during a given period. It is also a reference book, and is regarded as an authority on all matters dealing with state affairs.

The 1911 blue book contained 934 pages and was the first compiled by Jordan. The new blue book will be considerably smaller, but will be as complete and will be finished about the first week in January, 1915. It will be especially valuable for historical reference, giving in detail the upheaval in the political ranks of the state and the formation of the commission form of government in California.

Data never contained in a blue book will be available between its covers. The development of the state in resources, production, wealth and the like will be contained therein. It will be a valuable adjunct to all the libraries of the state —Sacramento Union.

Gene Hopkins, of Monte Rio, formerly of Potter Valley, was in town last Friday. Mr. Hopkins is in the grocery business at Monte Rio in partnership with George Shattuck, a former Ukiah boy, and they are doing well.

NEWS ITEMS FROM LONG VALLEY

Comings and Goings at Laytonville

Laytonville, Nov. 29—George Pinches lost a valuable horse a few days ago. He had taken a load of turkeys to the coast for Thanksgiving and was bringing back a load of potatoes. While driving over a steep part of the grade, the horses became frightened and went off the grade, killing one.

Mrs. John Shuford, accompanied by her daughter Miss Katherine, came up from Willits to spend their Thanksgiving at home. Mrs. Shuford is living in Willits while her daughter is attending school there.

Mr. John Shuford has, we understand, exchanged his place near here, "The Black Rock ranch," for property near Los Gatos. He expects to leave for his new home in a few days.

Chester Downing, John Crangle and his son John went to Dos Rios on a fishing trip Saturday. They succeeded in catching some fine ones.

HELP POSTAL MEN WITH HOLIDAY MAIL

Public Cooperation is Desired

The establishment of the parcel post has given a wonderful impetus to the use of the mails as a means of distributing Christmas gifts, and in view of the increased weight limit, reduced postage rates and other extensions of the service during the past year, it is anticipated that the amount of mail during the approaching holiday season will exceed all previous records. In order that the Christmas mail may be handled promptly and satisfactorily, it is essential that the public co-operate with the postal service to the fullest possible extent.

Prepay postage fully on all parcels.

Address parcels fully and plainly.

Place name and address of sender on all matter.

Pack articles carefully and wrap them securely, but do not seal them, as sealed parcels are subject to postage at the letter rate.

Mail parcels early; they may be marked "Do not open until Christmas."

Insure valuable parcels, fee 5 or 10 cents.

Written inscriptions such as "Merry Christmas," "Happy New Year," "With Best Wishes," and numbers, names or letters for purpose of description, are permissible additions to fourth-class (parcel post) mail. Books may bear simply dedicatory inscriptions not of a personal nature. Other written additions subject parcels to letter postage. Communications prepaid at first-class rate may be sent with parcels prepaid at fourth-class rate provided they are securely attached to outside of parcels.

ST. JOHN'S M. E. CHURCH

Our deaconess, Mrs. Clyma, opened the revival services last Sunday with two impressive meetings. The meetings this week have been excellent, with good results—there is evidence of "Showers of Blessing."

Mrs. Clyma's addresses are practical and convincing and are always deeply spiritual. People who have forgotten God should hear her.

Meetings nightly except Saturday.

Miss Welker is expected next Sunday.
